Mr. Homer Heck  
Office

Dear Homer:

For some reason or other I have overlooked writing you a note relative to the recently organized radio drama group. However I have been out in field work for several days and was not in a position to write at that time.

Will you please express to members of Phantom Mask my appreciation of their courtesy in electing me to Associate Membership in this organization.

You know that I am interested in the group and hope that they may continue their work so it will be beneficial to each of the individuals participating.

Rest assured I shall be very happy to help, through the National Association of College and University Broadcasting Stations, in making the organization national in scope.

Very sincerely,

T. M. Beaird
